Manufacturer’s suggested retail price includes manufacturer’s recommended pre-delivery service. Gasoline license and title fees, state and local taxes and dealer installed options and accessories are not included in the manufacturer’s suggested retail price.

Actual results will vary for many reasons, including driving conditions and how you drive and maintain your vehicle. The average new vehicle gets 27 MPG and costs $7,500 to fuel over 5 years. Cost estimates are based on 15,000 miles per year at $2.70 per gallon. MPG is miles per gallon equivalent. Vehicle emissions are a significant cause of climate change and smog.
